Dear Parent/Guardian:

Every child should have medical and dental health supervision from birth to age 18. Even healthy children should see a doctor and dentist at regular intervals. Health check-ups should include physical examination and immunizations which are necessary to keep your child free of communicable disease.

Maryland law requires you to submit proof of age-appropriate immunizations on the Maryland Immunization Certificate (DHMH 896) to the center, home, or school. This must be done before your child can be admitted.

This form requests health information from you (Part I) and from your child's Health Practitioner (Part II). The section you complete will be helpful to the Health Practitioner in his evaluation of your child.

It is necessary that you provide information for this Form 1214. This is the Emergency Information Form for Child Care Centers, Family Child Care Homes, and Non-Public Nursery Schools and Kindergartens.
