

High School SUMMER SCHOLARS

2022

High School Summer Scholars is designed to allow students to earn a 1/2 high school credit during a two-week long, summer intensive program. This benefits students by allowing additional time in his/her high school schedule for more advanced classes, electives, or study hall periods. The program is open to any student who has completed 8th grade and is enrolled as a full time student at Salisbury Christian School for the 2022-2023 school year. Courses are taught in a hybrid format, with in-person instruction required each morning and additional online work required each afternoon and evening. Students should expect to devote a total of approximately 7 hours per day to the program. Due to the fast-paced nature (a full semester's worth of content is covered in the two week time period) students should clear their schedule of all other obligations. A full letter grade reduction is given for one absence; in the event of any additional absences, the student is dropped from the class. Refunds are not issued.
