

Summer Reading Program

2022

The development of early literacy skills is one of the most important factors in a child's academic success! The Summer Reading Program is designed to provide additional instruction, support, and enrichment for students who have just completed Kindergarten and First Grade during the 2021-2022 school year. Students do not need to be below grade level to participate. The program gives students an opportunity for small group, differentiated instruction focusing on letter sounds, sight words, phonics, fluency, vocabulary development, writing, and comprehension. Fun, engaging lessons are designed to keep students' skills sharp while also creating a relaxed, hands-on summer experience!
