

# SUMMER Pre-K Program

2022

## Weekly Themes

### Session 1:

#### Week 1: June 20-24 Sweet Tooth Summer

Donuts, cookies, and ice cream- oh my! Campers will participate in a deliciously fun week filled with sweets and summer treats while spending time with friends, new and old. We will mix, measure, and experiment as we get creative in the kitchen. We can't wait to bake and make sweet camp memories with YOU!

#### Week 2: June 27-July 1 Let's Build an Ark

Two by two, they climbed on board... come explore critters, colors, Christ, and more! We are splashing into Genesis to learn about Noah's obedience and God's faithfulness. Campers will become engineers as they build an ark of their own, learn about primary and secondary colors, and participate in a "Rainbow Relay Race".

#### Week 3: July 5-8 Awesome America

Oh, say can you see! Come join us on a great American adventure and explore all things red, white, and blue. Pre-K patriots will sing, craft, and snack as we travel the 50 states and celebrate the birth of this great country. This explosive week will end with homemade fireworks and a good, old-fashioned BBQ! God bless the USA!

### Session 2:

#### Week 4: July 11-15 Camp Hope: Getting Smore of Jesus

As we point our compass on Jesus, we will travel to Camp Hope to learn and play under the stars. We will set up camp in Little Bear Country to discover a wilderness adventure full of exciting sights, smells, and sounds! Campers will enjoy story time with a different wildlife creature each day, conduct hands-on experiments like designing a DIY solar oven, and build lasting memories around the campfire.

#### Week 5 : July 18-22 Coastal Critters

We are so lucky to live on the Eastern Shore and be surrounded by such amazing and diverse habitats! This week, we will learn all about our local bays and the "coastal critters" that call them home. We will submerge ourselves in learning about horseshoe crabs, fish, and even... sharks! Our mini marine biologists will experiment with buoyancy, get up close and personal with a clam, and get to enjoy an afternoon in our "backyard beach" right here on campus!

#### Week 6: July 25-29 Building on the Love of Jesus

Come construct a foundation that lasts! Camper crews will explore a world of concrete, cranes, bulldozers, and backhoes as we learn how to build our faith in Him. This construction themed week will include a LEGO competition and Touch-a-Truck opportunity. Put on your hard hat, cinch up your tool belt, and get ready for a week of rock-solid fun!

### Session 3:

#### Week 7: August 1-5 Castle of Courage

Grab your armor and be ready to stand strong in the word of God as we travel back in time to the Castle of Courage! Our knights and maidens will enjoy a week full of music, art and Bible-learning experiences to see, hear, touch, and even taste! Campers will design their own family crest, paint a stained-glass window, and conquer a dragon using teamwork. Hear ye, hear ye- get ready for a royally rockin' adventure that is sure to strengthen our faith!

#### Week 8: August 8-12 Carnival Crazyiness

Come on, come all... to the final days of summer camp! The gates are open at Camp Carnival, and we are ready to play, create, and perform "under the big top". Step right up for a week filled with cotton candy, balloon animals, pig races, and Carnival Crazyiness! Can you juggle all this fun?
